

Main Activity Screen

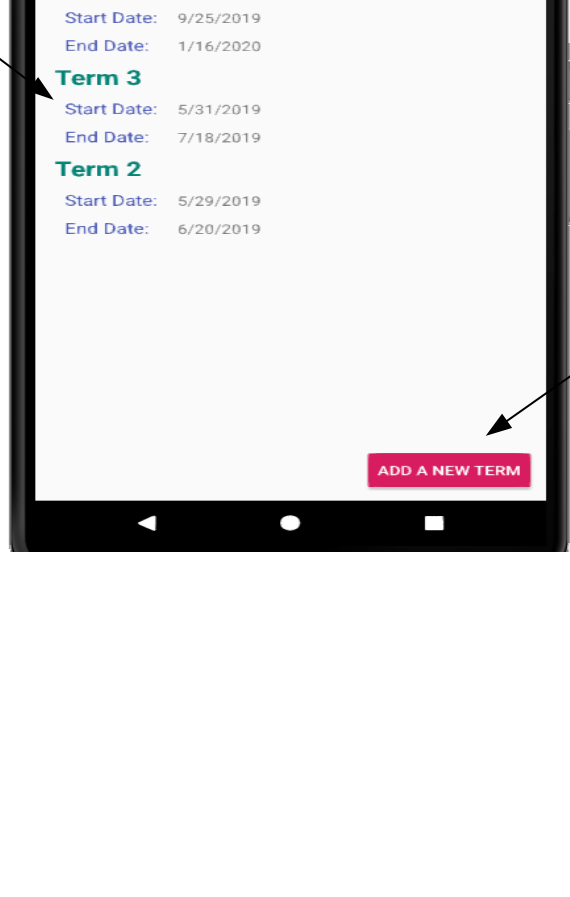

Menu to navigate back to home, or set Alerts for Course Start, Course End, and Assessment Dates

Click a button to view lists of Terms, Assessments, and Courses

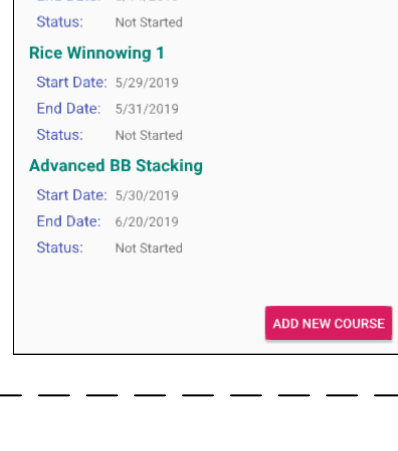

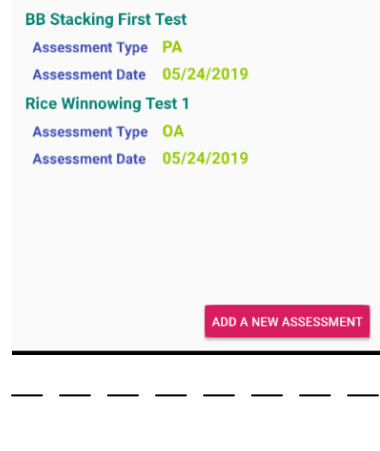

Assessments, Courses, Terms list

You can select an individual Course, Term, or Assessment to view details of that object, as well as edit details of the object, delete it, or in the case of Assessments share information using email, text, etc.

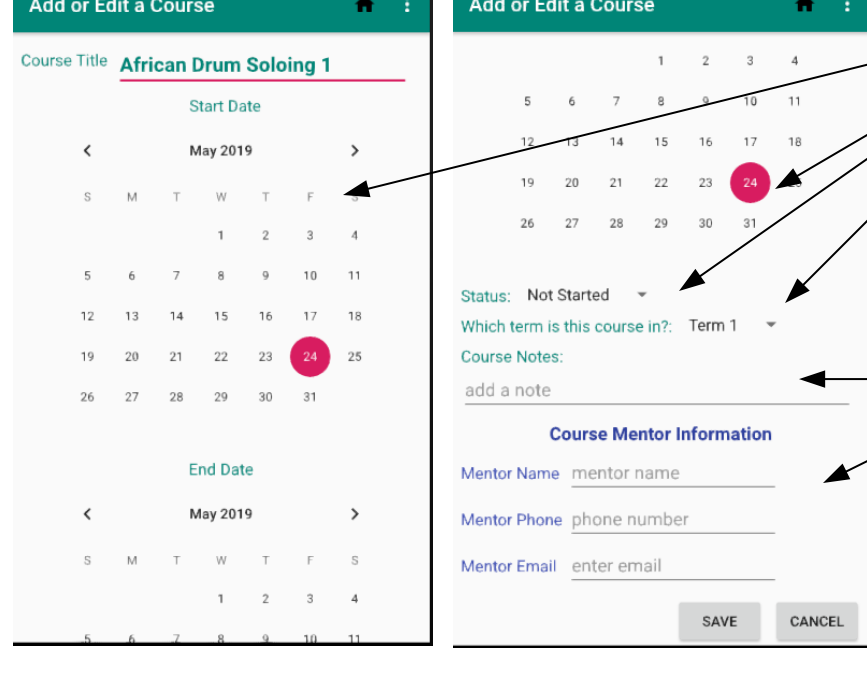

The Assessments, Courses, and Terms List Activities contain RecyclerViews which populate from their respective tables using SQLite queries

Pressing this button takes you to the Add New [Course, Assessment, Term] Screen

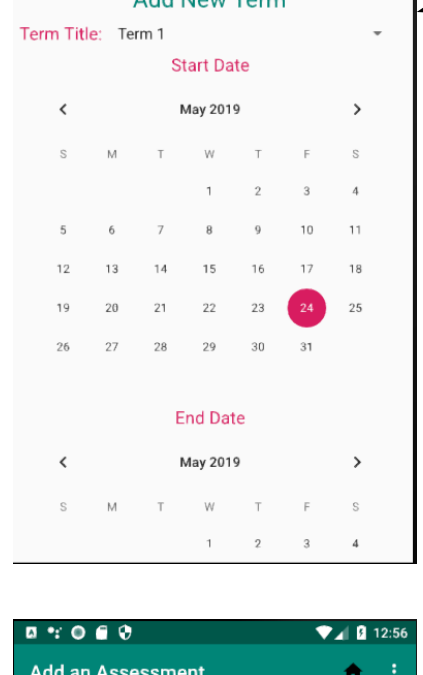

Add or Edit Menu

Add or Edit Menu (scrolled to bottom)

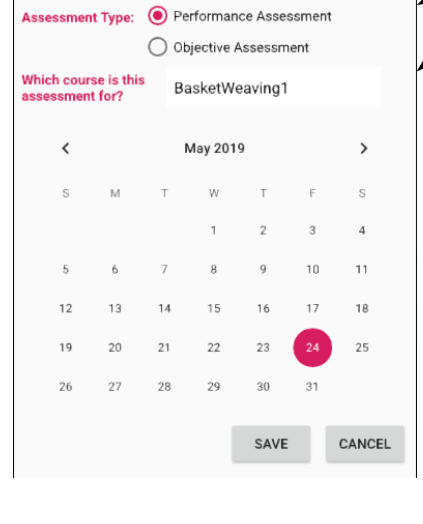

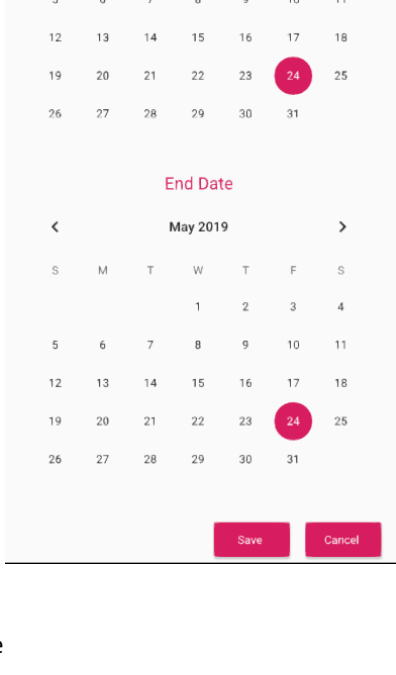

Select start and end dates, choose a course status (Not Started, In Progress, Completed), and designate which Term this course is associated with. Using the example from the rubric, select Term 1, 2, 3, or 4. You can add unlimited terms, as needed.

Add course notes and mentor information

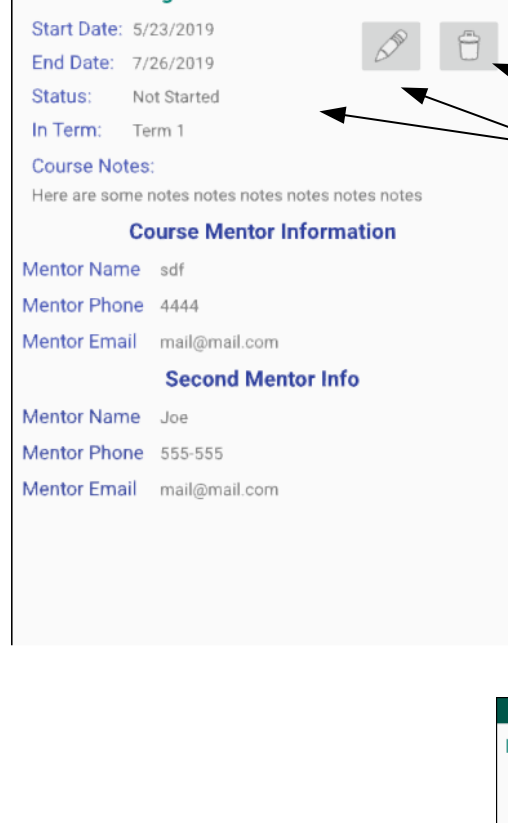

Select a Term from 4 Term options

Assign an Assessment type, and a course to be associated with the Assessment

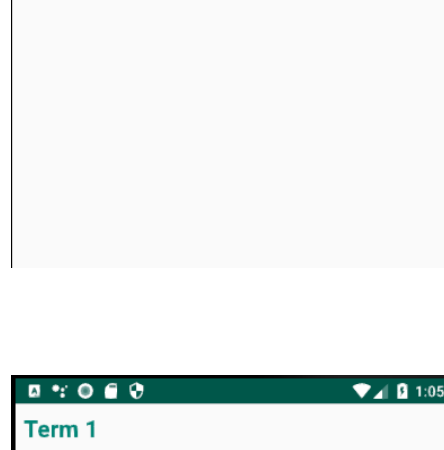

Detailed Course View

Upon selecting a [Course, Term, Assessment] object, you will be taken to that objects respective detailed view, showing all information for that particular object instance.

Details include: Start Date, End Date, Status, Associated Term, Notes, Course Mentor Information, and optional Second Mentor Information

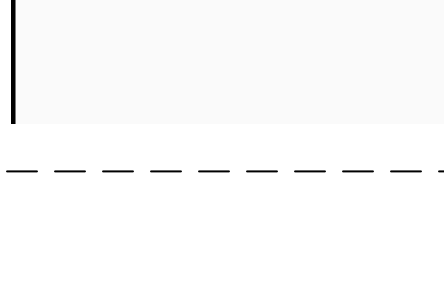

The detailed object view also gives you the opportunity to edit or delete the object.

Detailed Assessment View

Indicates which course the assessment is associated with.

Edit and Delete buttons, as well as a Share function which saves Assessment Details and opens the built in Android share screen, where you can select which method you'd like to send assessment info (text, email, etc.).

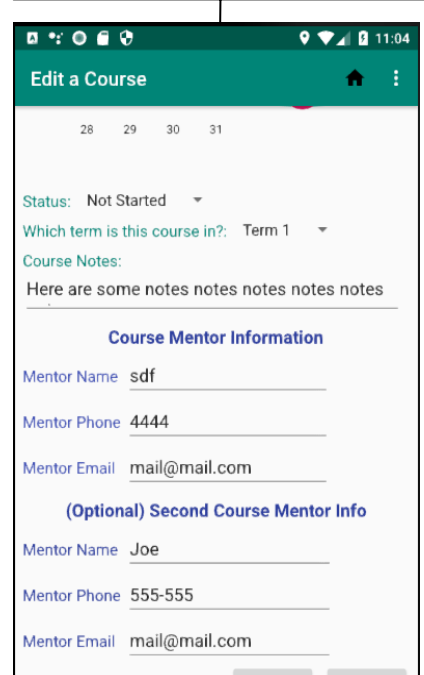

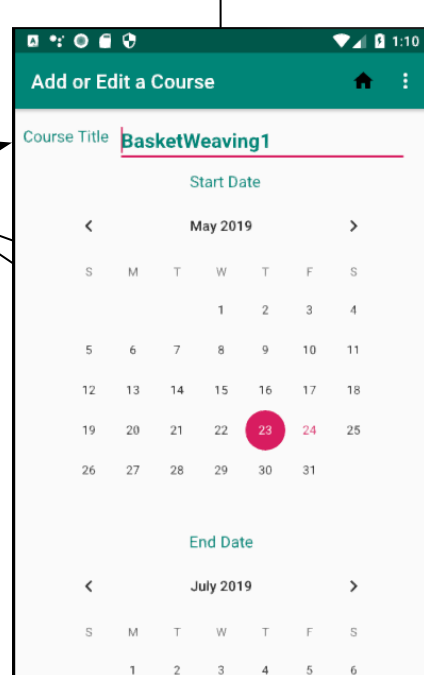

Detailed Term View

Edit and delete buttons, as well as start and end dates

Add or Edit Menu

Add or Edit Menu (scrolled to bottom)

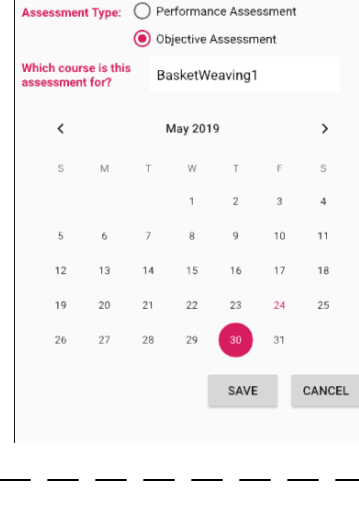

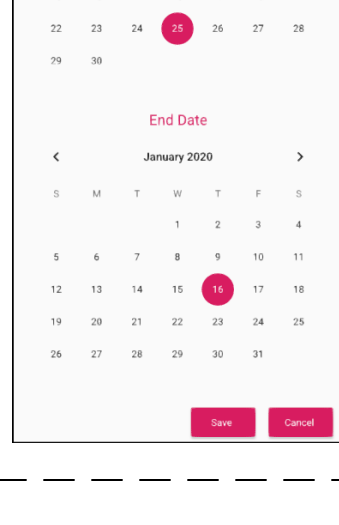

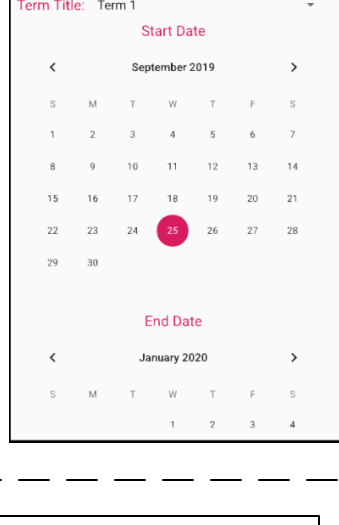

The edit screen is layed out identically to the add screen, except other object-specific details, like Title, start date, end date, are pre filled-in using table field data associated with that object.

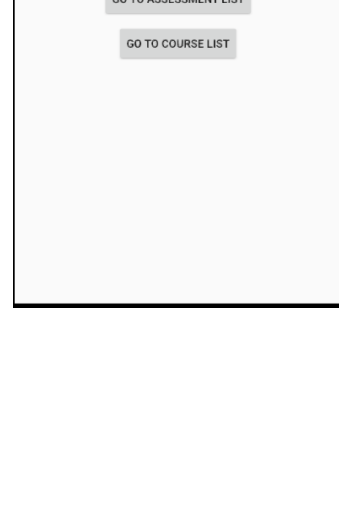

Add or Edit Menu (Term)

Add or Edit Menu (Term, scrolled to bottom)

Add or Edit Menu (Assessment)

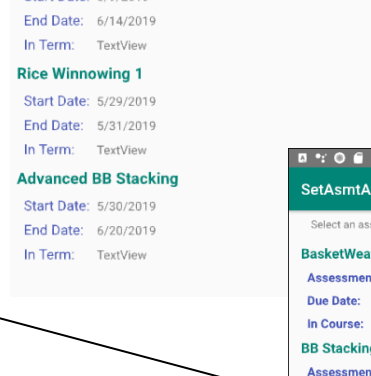

(Hamburger) Menu OnClick

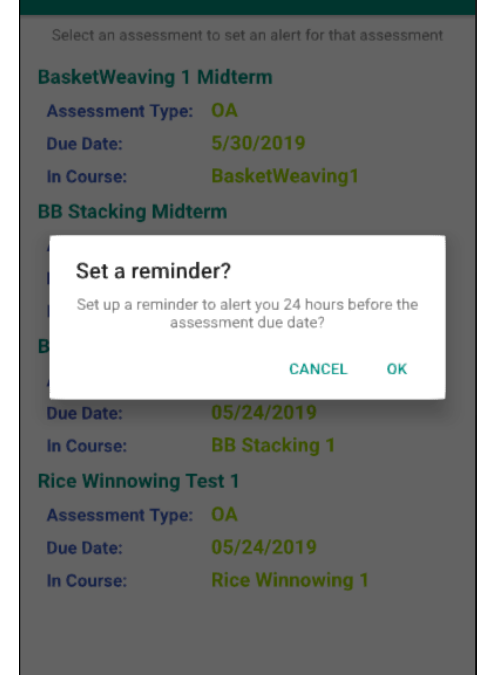

On pressing the menu button, you will be presented with buttons to set Course Start, Course End, and Assessment Due date reminders

You will be taken to a screen listing all of your terms, courses, or assessments, depending on which menu item you've selected. Select an item and you'll be prompted confirm that you want to set an alert for that item, which will notify you when your [Course Start, Course End, Assessment Date] is 24 hours from [starting, ending, due]

Assessment Alert Confirmation Activity

When you've selected a [Course Start, Course End, Assessment] object, you'll be prompted to confirm or cancel setting up a reminder. 'OK' will give you a Toast confirmation that your save has been completed successfully, and 'Cancel' gives you a Toast confirmation that the process was cancelled.
